SWEPT BY A CYCLONE

Great Destruction Done Near Kunkle, Ohio.

FIVE PEOPLE KILLED OUTRIGHT

Two Others Fatally Wounded and Several Hurt—Everything in the Path of the Storm Carried Away—The Victims of the Storm Horribly Mangled—Storm Damages Elsewhere.

KUNKLE, O., May 18.—A cyclone passed one-fourth mile west of here at 4:30 o'clock yesterday afternoon, killing five persons, fatally injuring two others and slightly wounding several more.

The dead are:

Daniel Barrett, right leg broken, arm torn off and internally injured.

Mrs. Daniel Barrett, legs torn from the body and entrails torn out.

Martha Daso, head crushed, died two hours afterward.

George Oxinger, body beaten into a shapeless mass.

Myrta Daso, instantly killed.

The injured are:

Charles Cole, fatally hurt internally.

Mrs. Charles Cole, head crushed; will die.

Jennie Creek, head crushed; will recover.

The scene of the cyclone is a hard one to describe. Houses, fences, trees, and obstructions of all kinds, in the path of the storm, have been carried away and nothing left to mark the spot where they stood except huge holes in the ground.

The scene devastated is one quarter of a mile wide and six miles in length, the great funnel-shaped cloud traveling in an irregular southeasterly course, the greatest damage being done about a mile from where it rose and passing on east.

The building in which were Daniel Barrett, his wife and their granddaughters, Myrta and Martha Daso, is so completely demolished that not even a portion of the foundation is left. The first remnants of the house are at least 100 yards from where it stood. Here began a few scattering boards, and further in can be seen larger portions of the building, and about 40 rods from where it stood lays the roof almost intact, together with portions of the framework.

Mrs. Barrett, who was the worst mangled, was carried over a quarter of a mile and dropped in a cemetery, her dismembered limbs being found about 100 yards farther on. There was very little left of the woman's body that resembled the form of a human being. Her breast and abdomen were rent in two, and her entrails, lungs and other internal organs scattered broadcast through three 43-acre fields. The search for her remains continued fully an hour before flesh half her weight was found.

Daniel Barrett was carried about 40 rods from where the cyclone struck him. His hand was torn off at the wrist and scattered to the winds, one leg was beaten into a pulp and he suffered internal injuries. He was still breathing when found, but died soon afterward without becoming conscious.

Martha and Myrta Daso, who were in another part of the house, were left near where the house seems to have gone to pieces. Martha, the oldest, aged 14, was apparently injured only about the head, which was crushed in on the left side, showing a great hole from which the brain oozed. Mingled with blood, the younger, aged 10, lay almost in the arms of her sister, and the bones in all parts of her body were broken and ground into the flesh.

George Oxinger, a hired hand of Barrett's, who was in the field plowing, saw the storm coming and made for the barn. He succeeded in getting his horses inside and started for the house, which was about 10 rods distant from the barn and exactly in line with the storm. Witnesses say that the man was lifted from the ground and whirled into the air at least a hundred feet, together with timbers, fences, trees and other debris, scooped up in the rolling avalanche. Oxinger's lifeless body was found about 100 rods from where it was lifted into the air, his bones protruding from the flesh and his body indicates that he came in contact with many of the flying trees and beams.

James Whittle, another farmhand in the employ of Barrett, had a most miraculous escape. He was in the field with a team in company with Oxinger and started for the barn. To the fact that his team became unmanageable and broke away from him he probably owes his life.

In Cleveland.

CLEVELAND, May 18.—The worst hail storm that has visited this city in years raged here for nearly an hour yesterday afternoon. The storm was accompanied by heavy rain and thunder and lightning. Many of the hailstones were as big as hen's eggs and were driven before

a brisk south wind. Thousands of windows all over the city were broken, greenhouses were wrecked and several runaways resulted from horses trying to escape the bombardment of ice. The damage will amount to several thousands of dollars.

Sixty Miles an Hour.

ALLIANCE, O., May 18.—The worst storm experienced in this part of the state in years struck this city at 4 o'clock yesterday afternoon, and for half an hour wrapped the city in nearly total darkness. The velocity of the wind was over 60 miles an hour, and hundreds of shade trees and chimneys in the town went down.

One Man Injured.

ANDERSON, Ind., May 18.—A severe windstorm struck Anderson late last night with terrific force. The North Anderson glass factory was damaged and set on fire. The Wright shovel works were unroofed and the night watchman, James Merryweather, badly crippled by a falling stack. The Indiana box factory was damaged and the watchman, George Boyer, fatally injured. The Victor windowglass factory also was unroofed.

Hailstones as Large as Goose Eggs.

DECATUR, Ills., May 18.—The worst hailstorm ever seen in Illinois swept over this section yesterday afternoon. Hailstones as large as goose eggs fell. Hardly a house in Decatur escaped without loss of glass. All skylights and several roofs were broken through. The losses will aggregate several thousand dollars. Crops suffered severely.

Over Two Inches of Rain.

MILES CITY, Mont., May 18.—The worst rainstorm in many years has just visited this place. In 36 hours over two inches of rain fell. All streams are rising rapidly. A washout of culverts, 20 miles east of here, closed all traffic on the Northern Pacific, but a large force soon repaired damages and trains are running as usual.

Damage Done in Michigan.

PORT HURON, Mich., May 18.—A severe hailstorm passed over this city at 4 o'clock yesterday afternoon. Much damage has undoubtedly been done to fruit trees and standing crops. Little damage resulted in the city.

MINERS' CONFERENCE ENDED.

Nothing Accomplished by the Joint Meeting in Cleveland.

CLEVELAND, May 18.—The miners conference lasted all day but nothing was accomplished. President McBride offered a resolution reciting that, whereas a large number of operators who had refused to attend the conference had refused the hand of conciliation and peace that had been extended to them, the miners believed that any settlement arrived at in the absence of those operators would only add to and accentuate the miserable condition of the miners, and that it was impossible to make any settlement with the operators who had met them here.

While appreciating the efforts of the operators who had attended the conference to reach a settlement, the miners asked their co-operation in bringing peaceful and persuasive pressure to bear upon the absent operators to induce them to agree to terms with the miners. These resolutions were offered to the conference as expressing the views of the miners, and as there seemed to be nothing more to do, the conference adjourned sine die.

The coal operators met last night and adopted a statement of the result from their standpoint. It declares that the operators of Ohio, Pennsylvania and Indiana responded to the invitation to consult with the mine workers in good faith and did all in their power, under the present trade conditions to effect a settlement of the strike, but that the mine workers, in secret session, refused to agree upon any terms whatever and ended the conference on the ground that the Illinois operators were not present.

The statement declares that this action of the mine workers is not in accord with their professions of peace and conciliation.

The Ohio operators will meet in Columbus next Wednesday and the Pennsylvania operators in Pittsburgh on Monday.

Explosion in a Foundry.

BUFFALO, May 18.—A serious explosion occurred in the cupola of the Buffalo School Furniture company's foundry yesterday afternoon. Five moulder were hurt. John Schneider will die. About 30 men were working in the foundry. The molten iron was thrown about, the men being cut by flying metal.

Over the Dam.

BONAPARTE, Ia., May 18.—The first boat of the fleet slid over the dam here at 3:18 and by 8:30 all were over with no damage. Bonaparte and Farmington gave a large quantity of provisions. The army went into camp three miles below here.

The Taylors Seen.

DENVER, May 18.—It is reported that the Taylor brothers, who murdered Gus Weeks and wife and two children in Sullivan county, Mo., were seen in Denver yesterday. Detectives are working on the clew.

Named by the Republicans.

BEAVER FALLS, Pa., May 18.—Hon. Thomas W. Phillips was nominated for Congress yesterday by the Republicans of the Twenty-fifth congressional district.

Fighting Forest Fires.

PROVIDENCE, May 18.—The forest fires about Exeter and West Greenwich are raging fiercely and 600 men are doing their best to check its progress. The wind is blowing the flames toward the villages, but head-fires and plowing are being resorted to and the fire will doubtless be held in check.

FILIBUSTER AGAIN

Another Wrangle Between Republicans and Democrats.

LONG SESSION OF THE SENATE.

For Eleven and a Half Hours That Body Remains in Session—A Test of Physical Endurance Is About to Be Begun—Agricultural Appropriation Bill Passed by the House.

WASHINGTON, May 18.—There was an

area of low barometer and indications threatening a storm, when the senate met yesterday. Mr. Morgan opened proceedings by offering for reference a resolution, which, after reciting the existence of the Sherman anti-trust law of June 2, 1892, and the alleged existence of a sugar trust, called on the attorney general for information as to whether any proceedings were pending against such corporation; if so, what stage they had reached; if not, whether, in his opinion, there was any defect in the anti-trust law.

The Lodge tariff bribery and sugar investigating resolution, which came over from Wednesday, was then laid before the senate by Vice President Stevenson.

This subject was discussed for some time and several amendments made, and finally the resolution was adopted. It reads as follows:

WHEREAS, It has been stated in The Sun, a newspaper published in New York, that bribes have been offered to certain senators to induce them to vote against the pending tariff bill, and,

WHEREAS, It has also been stated in a signed article in The Press, a newspaper published in Philadelphia, that the sugar schedule has been made up as it now stands in the proposed amendment in consideration of the large sum of money paid for campaign purposes of the Democratic party, therefore,

RESOLVED, That a committee of five senators be appointed to investigate these charges and to inquire further whether any contributions have been made by the sugar trust, or any person connected therewith to any political party for campaign or election purposes, or to secure or defeat legislation, and whether any senator has been or is speculating in what are known as sugar stocks during the consideration of the tariff bill now before the senate, and with power to send for persons and papers and to administer oaths.

RESOLVED, Further, that said committee be authorized to investigate and report upon any charge or charges which may be filed before it alleging that the action of any senator has been corruptly or improperly influenced in the consideration of said bill, or that any attempt has been made to influence legislation.

The bribery question thus disposed of for the time being, the tariff bill was taken up, and Mr. Gallinger for an hour and three-quarters continued his review of previous tariff legislation. He then yielded to Mr. Higgins (Rep., Del.) who spoke at length on the effect of protection. Mr. Allen (Pop., Neb.) engaged in a controversy with the Delaware senator, and Mr. Palmer (Dem., Ills.) also took a hand.

On Mr. Jones' motion, 3 cents per pound on ultra marine blue was substituted for 20 per cent, the rate fixed when the bill was first reported to the senate.

The Jones amendment to change the rate of 6 cents per pound on vermillion red made of lead to 25 per cent was agreed to; also, the amendments fixing the rate on paris white dry at a quarter of 1 cent, ground oil in oil, at half of 1 cent, and on oxide of zinc and white zinc paint at 1 cent per pound.

The Jones amendment to substitute 25 cents per pound for 10 per cent on hydrate and iodide of potash was agreed to.

The Jones amendment increasing the rate on red and yellow prussiate from 20 to 25 per cent was agreed to.

At 3:50 the vice president announced the appointment of the following committee in accordance with the terms of the Lodge resolution: Messrs. Gray, Lindsey, Lodge, Allen and Davis.

At 6 o'clock Mr. Harris, the floor manager of the tariff bill, moved that the senate take a recess until morning with the intention of continuing the legislative day and forcing the consideration of the tariff bill to the exclusion of all other legislative business. This meant the inauguration of the policy of duress that made famous the struggle over the federal election bill, the bill to re-establish the Sherman law and all other big legislative contests in the senate. The Republicans, under the leadership of Mr. Mansfield, resisted, vainly protesting that they did not seek to delay action on the tariff bill. They used the usual filibustering methods breaking a quorum by refusing to vote, although certain of their western colleagues declined to join in the filibuster.

At 7:30 a motion to adjourn was voted down by the Democrats. Both sides by this time had evidently come to the conclusion to "sit it out." They prepared for a siege. They smoked in the cloakrooms and chatted on the floor. Mr. Palmer regaled those who gathered about him with his stories. Occasionally several senators would cluster around Mr. Harris and listen to his crisp, pointed and sometimes very caustic characterization of the situation.

About 8 o'clock, Mr. Chandler disturbed the serenity of things by inquiring whether he could proceed with some remarks he desired to make on the pending bill. Mr. White (Dem., Cal.) replied sarcastically, that he could if he would confine his remarks to castor oil. Mr. Faulkner in the chair, ruled that no remarks were in order pending the absence of a quorum.

At 8:20 Sergeant-at-arms Bright submitted his report which showed that of the absenteers on the rollcall, 10 senators

were absent from the city, two could not be found, one, Mr. Morrill, Republican, had declined to attend, and 19 were either present now or had reported that they would immediately respond to the request. This did not satisfy Mr. Harris. He was in favor of adopting more heroic measures. He moved to compel the attendance of the absenteers.

At 10:30, after sitting for 11 1/2 hours and after some very sharp and plain talk on both sides, the Republicans succeeded in forcing an adjournment, although the battle was in reality a drawn one. A compromise had been practically agreed upon before adjournment by which the sessions of the senate are to begin at 10 o'clock after Monday.

Senators on both sides of the chamber regard the work of yesterday evening as the real beginning of the siege of night sessions and rollcalls, a test of physical endurance on one side and of resistance on the other which all have understood from the beginning, would be restored to before the end of the tariff debate should be reached.

The Republicans generally assert that they will resist unusual hours or extraordinary proceedings, and the Democrats say that it has become evident from the long speeches made yesterday and on other days recently that unless the hours are extended the disposal of the bill will be indefinitely delayed.

House Proceedings.

WASHINGTON, May 18.—Among the bills favorably reported in the house was one by Mr. Chickering of New York from the committee on railways and canals to inquire into the feasibility of constructing a ship canal from the Hudson river to the great lakes.

After the call of committee, the house went into committee of the whole to consider the agricultural appropriation bill, and Mr. Richardson of Tennessee took the chair.

Representative Herman (Rep., Or.) offered an amendment raising the appropriation for irrigation investigations from \$8,000 to \$25,000.

The discussion of the paragraph dealing with the irrigation matters led to a serious difference of opinion. Members from Texas, California and the arid regions of the west and southwest, where the subject of irrigation is a burning question, demanded one hour and two hours to discuss the paragraph and amendments, while Mr. Hatch was willing to concede only 20 minutes.

Mr. Hatch's motion to close debate in 20 minutes was amended by Mr. Cannon (Rep., Ills.) so as to make it one hour, when the vote was divided, 61 to 77, and Mr. Cannon made the point of no quorum. Then followed a period of filibustering led by Mr. Cannon. It resulted in fixing the limit of debate at 30 minutes. Mr. Hermann's amendment was defeated.

An amendment was adopted authorizing the secretary of agriculture to investigate the nutritive value of food products; also an amendment providing for the introduction of ramie, a Chinese plant resembling silk; also an amendment providing that persons who should knowingly publish any false weather forecast or warning should be fined in a sum not to exceed \$500 or imprisonment not exceeding 90 days or both.

An amendment was also adopted authorizing the secretary of agriculture to inquire as to the feasibility of displaying weather signals from postal cars.

At 5 o'clock the consideration of the bill was concluded, and the committee of the whole having risen, the bill was favorably reported to the house, and the previous question being ordered, the bill was passed in spite of Mr. Marsh's effort to recommit it.

At 5:04 p.m. the house adjourned.

AN OVERFLOWED STREAM.

Great Destruction Done Along the Rush River in Wisconsin.

RED WING, Minn., May 18.—Details are just received of Tuesday's storm across the river in Pierce county, Wis. The Rush river rose high above its banks, carrying out every bridge from its source to the Mississippi.

At Martelle, El Paso and other places, flouring and sawmills were swept along by the flood, entailing heavy losses.

Three farmhouses with their occupants, are said to have been washed away, but the report can not be substantiated. One dwelling was seen going down the river past Martelle. The Rush river valley is a scene of complete devastation and buildings not washed away by the stream, are, in many instances, ruined and covered with mud.

Called on Police Aid.

CHICAGO, May 18.—The family of William A. Simsrott, grand secretary and treasurer of the Switchmen's union, have asked the police to make an effort to find him. The last seen of Simsrott was last Saturday at 10:30 p.m., when he left a saloon, saying that he was going to take a train for Evansville, Ind., to attend the biennial convention of the Switchmen's union. He has not yet reached Evansville, and nothing is known of him here. His disappearance is a complete mystery.

Five Hundred More Miners Strike.

LITTLE ROCK, May 18.—Five hundred miners, employed in Mines 15 and 16, at Jenny Lind, went out on a strike yesterday. The men have no grievances themselves, but struck in sympathy with the general strike now existing throughout the country. Heretofore the Western Coal and Mining company, owners of the mines, and the men have always gotten along very harmoniously, but Thursday night the men met and resolved to discontinue work until the general strike is declared off.

Pullman Strike.

CHICAGO, May 18.—The Pullman strike shows no developments of importance. Some of the men are in distress and a relief station has been established. President Debs and Vice President Howard of the American Railway union made short addresses last night.

THURSDAY'S issue of the EVENING BULLETIN was the largest in the history of the paper. Nearly 5,000 copies were sent out, and went to the solid citizens of Mason and surrounding counties. Merchants who didn't advertise in Thursday's issue missed an opportunity not very often given them.

THE fight over the Democratic nomination for Jailer in Nicholas County proved rather remarkable, in one respect. The candidates were W. J. Hughes and a Mr. Rafferty. The first primary resulted in a tie, and their claims were again submitted to the voters. At the last election Hughes was declared the winner by a vote of 625 to 624. Mr. Rafferty voted for Mr. Hughes, while Mr. Hughes did not vote, not being at his polling place on the day of election. This is one instance where a candidate nominated his opponent.

THE Baltimore Sun calls attention to the significant fact that while the armies of "the unemployed" are making for Washington from all parts of the West and North a convention of planters, assembled at Greenville, Miss., is trying to devise ways of getting farm laborers from Europe. They want hands and will welcome them from any part of the Union, but cannot get them. "Never," says a dispatch from Greenville, "has reliable farm labor been so scarce as it is this season." Large tracts lie idle for want of people to cultivate them. "If Coxey's army desire work," the dispatch adds, "they can get all they want in the Lower Mississippi Valley." The South gives employment to all its own people and offers work to the unemployed of other sections.

"The fact is," the Sun says, "that the tariff has drawn laborers away from the farms by its delusive promises. The Northern cities, with their lavish expenditures and contributions to advance wages, have done the same. It all works well enough while times are flush, but in periods of stringency the result, show themselves."

This may account, in part, for the fact that one hears of no Coxeyites tramping about through the South these days.

REPUBLICAN papers and their Democratic allies, the New York Sun, Cincinnati Enquirer and other journals, have been making a persistent effort to create the impression that the Wilson bill with its Senate amendments is almost as bad a protection measure as the McKinley act. But the facts don't bear them out in such statements. A comparison of the rates of duties on the various schedules reduced to ad valorem rates has been prepared by the Treasury Department, and a study of the figures will convince the most skeptical that the assertions of the Republicans as to the character of the bill are utterly false, and without foundation. Following is the comparison of the rates, the first being the rates of the Senate bill, the second of the bill as it came from the House, and the third the rate imposed by the McKinley bill:

Chemicals—Senate, 24.40; House, 24.00; McKinley, 31.61.

Earthenware and Glassware—Senate, 37.31; House, 34.37; McKinley, 51.25.

Metals and Manufactures—Senate, 34.23; House, 35.06; McKinley, 58.43.

Wood and Manufactures—Senate, 22.82; House, 22.64; McKinley, 32.66.

Sugar and Manufactures—Senate, 39.59; House, 28.43; McKinley, 14.55.

Tobacco—Senate, 105.95; House, 91.58; McKinley, 117.82.

Agricultural Products—Senate, 23.62; House, 21.58; McKinley, 31.51.

"LOOK UP, LIFT UP."

Excellent Work Done by the Epworth League—Doings of the District Convention.

The Epworth League of the Covington district, M. E. Church, convened in this city Thursday morning, with a large number of representatives of the various chapters in attendance, including many of the earnest and zealous ministers of the Kentucky Conference.

The sessions of the League are held in the M. E. Church on Third street, which has been newly fitted up and frescoed. The members of that church and their zealous pastor are certainly to be congratulated on the improvement; they now have one of the brightest and most attractive rooms for public worship in the city. The designs of the frescoing are very handsome and reflect credit on the artist, Mr. John T. Carnahan. An arrangement of cut flowers and potted plants added to the attractiveness of the room Thursday.

The convention was opened with devotional services, Rev. Amon Boreing, President pro tem in the chair. The day was spent in interesting discussions of the subjects in the programme, with reports from committees.

The Mercy and Help Committee made an interesting report of the work done by the Leagues of Bellevue, Shinkle and Union churches Covington, Dayton, Maysville, Newport and West Covington. Following is a summary:

Visits to sick..... 621
Visits to needy..... 224
Visits for purposes of religious conversation..... 450
Visits for other purposes..... 149

Total number of visits..... 1,444

Under head of temperance, one League reported that one saloon-keeper had been visited and at the solicitation of the Leaguers had promised to sell out and quit the business.

About 218 tracts and quite a quantity of other religious literature have been distributed.

Under the head of charities the following has been done.

Persons supplied with food, over 680, at a cost of \$187.34.

Persons supplied with clothing, over 107, at a cost of \$120.75.

Persons supplied with fuel, over twenty, at a cost of \$29.75.

Persons supplied with medicine, thirteen, at a cost of \$10.10.

Persons supplied with flowers, 283, at a cost of \$26.70.

House rent paid for five persons, at a cost of \$34.

Employment found for twenty-eight persons.

Parties buried, one, at a cost of \$26.50.

Total number of persons helped, over 1,147, at a cost of \$420.14.

Number of persons converted, 158; number of persons added to church, 187; number of persons added to Sunday school, 226; number of persons added to League, 180.

Earnest young christians have been engaged in the above work, and have found it one of the best ways of winning souls for Christ.

The above report was read by L. H. Wilson, of the Mercy and Help Committee. The committee was tendered the thanks of the convention by a rising vote. There are eighteen charges in the district, and the above shows the work of only seven leagues.

Last night there was an interesting lecture by Rev. D. W. Clark, followed by consecration services conducted by Rev. D. Holt.

The devotional services this morning were conducted by Rev. F. W. Harrop.

The election of officers resulted as follows:

Editor Bulletin, Maysville—Dear Sir: If the "sport" (as he is called) at Lewis

THE CAME WILL BE CALLED

TUESDAY, MAY 22, AT 9:30 A. M.

Be On Hand and Attend the Greatest Bargain Sale We Ever Had, and We've Had Some Dandies!

Pluck, enterprise and *some cash* secured us a line of first-class Clothing at less than 50 cents on the dollar. Our Mr. Hechinger attended the great Clothing sale of M. and L. S. Fechheimer & Co., and bought \$7,500 worth of seasonable Men's, Boys' and Children's Clothing AT OUR OWN PRICE. Our friends generally know a good thing when they see it. We therefore want you to be on hand and take a look at MEN'S SUITS at \$5.50 to \$7.50 that cost \$10 to manufacture; Men's Suits at \$8.50 to \$10 worth \$15 to \$18; BOYS' and CHILDREN'S SUITS at just one half price.

These goods are all new and desirable styles and made and trimmed in a first-class manner. By Tuesday morning you will see them displayed in our windows with the prices marked in plain figures. We secured in this purchase nineteen FULL DRESS SUITS, made of the finest Imported Dress Worsteds, all silk lined. They are made and trimmed equal to best custom work. You, young gentlemen, that pay from \$15 to \$20 per annum for rental of Dress Suits, come in and see these and learn our prices on them. This sale will continue until the last garment bought in this purchase is sold. Terms strictly cash. PLEASE DON'T ASK TO HAVE ANYTHING CHARGED. Remember sale commences Tuesday morning, May 22.

HECHINGER : & : CO., The One Price Clothiers.

TO FORCE THE FIGHTING.

Democratic Senators Ready For Closure, and Will Put the Tariff Bill Through.

The Washington correspondent of the Louisville Times says that if the Committee on Rules does not bring in a recommendation for cloture very soon the majority of the Democratic Senators will move its adoption and make the fight for it from the floor.

Senator Gordon, of Georgia, is one of the prime movers for cloture. He said to the Post special correspondent:

"There are twenty-five of us pledged to take concert action in demanding cloture rule for this bill if the Committee on Rules fails to recommend it by next week."

"We will make the demand and then let the consequences be what they may, and the responsibility shift to the shoulders where it belongs, be it on Democrats or Republicans. The Democrats, or the majority of the Democrats, are determined to push this bill through. Once in conference it will be stripped of any features which now call Democratic censure upon it."

This is the feeling which is now animating such men as Coke, Mills, Gordon, Morgan, Berry, Walsh, Lindsay, Blackburn, Jones, Harris, Turpie and a number of others. Voorhees wants to avoid the cloture rule as long as it is possible.

The Democrats have been pressed into fighting and they intend to fight hard. Some of them were stunned by what they look upon as a betrayal of their confidence by the Finance Committee, but they are gathering their wits, and will stand by the bill in its present form, having assurance that the conference will whatever the Senate has failed to do.

Action, and quick action, will henceforth be their watchword.

THE CHURCH OF ENGLAND.
Its Unity in Great Danger—Disestablishment of Wales.

LONDON, May 18.—A manifesto signed by the English archbishops and by 31 bishops has been addressed to the members of the Church of England in Wales. The manifesto declares that the bill for the disestablishment of the church in Wales, if it should become law, would weaken the unity of the church and alienate the ancient gifts by which the service of God and the pastoral care of the people were maintained for centuries; that it would deprive the poor of their legal rights to seats in the churches, and of the ministrations of the clergy to the sick and dying, and would reduce the church of Wales to penury, thereby impeding the worship of God.

The manifesto appeals to the poor and the rich to consider the matter fully, and urges laymen and the clergy to explain the matter to the people, although the clergy, it is added, must refrain from reference to the bill in the pulpit, thus keeping the house of God free from contention. The clergy, however, are instructed to insert in the services a special collection for the preservation of the church. Christian electors are asked to consider how their votes can preserve them from an alienation of the rights enjoyed for ages for God's service and for the people's welfare.

The bill for the disestablishment of the church in Wales and Monmouth was introduced in the house of commons by Home Secretary Asquith on April 26. The measure provides that the disestablishment shall go into force on Jan. 1, 1896. After that date all ecclesiastical corporations are to be dissolved and all rights of patronage are to cease. No new Welsh bishops are to sit in the house of lords, the ecclesiastical courts of Wales will no longer have coercive jurisdiction and the convocation will not have legal power.

The income of the Welsh church, \$1,395,000 yearly, will be secured for the benefit of Wales. Mr. Asquith explained that the funds released under the bill would be devoted to the erection of hospitals and public halls, to provide dwellings for laborers, to make allotments for technical education, libraries, museums and other secular institutions.

SWITCHMEN'S CONVENTION.

Secretary of the Mutual Aid Association Mysteriously Missing.

EVANSVILLE, Ind., May 18.—The Switchmen's Mutual Aid association is still in convention here. Secretary Treasurer Simsrott of Chicago has failed to show up here, although he was expected here on Monday last. When it is known that he handled on an average of \$100,000 of the association's funds every month, the effect of his absence can be appreciated.

A committee was sent to Chicago and learned that he had disappeared from his home, and his wife knew nothing of his whereabouts. His books and reports were turned over to the committee and an investigation of them and a comparison with the money he had in bank, showed his accounts to be square with the order. He was well known in Chicago, and it was known he handled large sums of money. It is supposed he was waylaid in Chicago.

There is movement on foot to take officers of the grand lodge from Chicago and move them to this city.

SOLAR STORM.

The Present Unusual Heat Due to Such a Disturbance.

GALESBURG, Ills., May 18.—Professor Larkin of Knox college observatory, after watching all day the solar cyclone, says its dimensions exceed those of any storm he has seen on the sun during his career as an astronomer.

It is now at its full height, its length 86,000 miles and the width varies from 22,000 to 24,000 miles. The peculiar features are jets and bridges. The whole mass has a twisting rotary motion. There are two storm centers, and at a distance are spots. The professor attributes the unusual heat now being experienced to this solar storm.

Indians and Civil Service.

WASHINGTON, May 18.—One of the provisions of the Indian appropriation bill is said to have the effect of placing Indian agents under civil service regulations. The bill contains the provision "that the commissioner of Indian affairs, with the approval of the secretary of the interior, may devolve the duties of any Indian agency upon the superintendent of the Indian training school located at such agency and the superintendent upon whom such duties devolve shall give bond as other Indian agents." Superintendents are already under civil service regulations, so that the effect of the provision, if carried into effect is to extend the civil service over such agencies as have a superintendent serving as agent.

Laid to Rest.

MCCONNELLSVILLE, O., May 18.—The remains of Judge Pinkerton of Washington were interred here yesterday. He came to McConnellsville in 1820; was postmaster under W. H. Harrison's administration and afterward mayor of the town. In 1860 he was elected probate judge and held the same for 15 years, the longest term of any county officer in the county's history. In 1877 he was appointed to an important position under Hayes' administration in the office of the first comptroller of the treasury, which position he continued to hold until about six months ago, when his health failed him and he was compelled to resign. He was one of Morgan county's most shrewd politicians and was always very popular.

Dropped Dead of Paralysis.

DETROIT, May 18.—Rev. Peter J. Leeson, S. J., dropped dead yesterday of paralysis while instructing a class of young ladies at the convent of Sacred Heart at Grosse Pointe. Father Leeson was 58 years old, a leading Catholic educator, was formerly vice president of the St. Louis university, and was connected with St. Ignatius college, Chicago, and Creighton college, Omaha. He came to Detroit college last September.

IRONWOOD, Mich., May 18.—Three men were injured by a cave-in at the Aurora mine yesterday afternoon.

FOR PAOLA, KANSAS, MAY 28.

A Chance For Western Home Seekers.
Major J. T. Long Has a List of Farms For Sale.

I will conduct a party to inspect land in the counties of Miami, Franklin, Linn and Anderson in the State of Kansas leaving Maysville, Ky., on Monday, May 28th, at 6 a.m.

These counties lie in the eastern part of Kansas, and are well settled, well watered and wooded, and are the garden spot of the world.

Improved farms in these counties are the best and safest investment you can make.

I have a large list of farms for sale on easy terms within 100 miles of Kansas City.

The citizens of the above named counties will extend you a hearty welcome and "show you around" without charge.

Arrangements have been made for a special through car, and stop over will be allowed in Kansas at pleasure.

For terms and rates for the trip, and prices of lands in different counties, please address J. T. Long, Maysville, Ky.

Pearl Melville Company

The Pearl Melville Company will open a week's engagement at Washington Opera House on Monday night next. Ladies will be admitted free on the opening night, when accompanied by a person with a paid 30 cent ticket.

The Memphis Appeal-Avalanche says: "The company, when viewed from a popular price standpoint, is one of the best before the public, and is superior to several attractions which have played at regular prices during the season past. "The Black Flag," pleased the audience and was satisfactory from a box-office point of view.

"Miss Pearl Melville, in the leading role of Naomi Bradford, was most attractive, and, in addition to possessing a charming face and figure, is a very fair actress. Theo Stark is also a worthy member of the cast, while Baby Gale, in songs, is somewhat of a novelty. The entire cast seemed earnest in its effort to please and succeeded admirably."

Base Ball This Afternoon.

Look at this array of talent and know that the home team will play strong ball this afternoon: Wadsworth and Hill as the battery; Rogers first base, Davis second base, O'Donnell short stop, McDaniels third base, Rudy left field, Holliday center field, Lloyd right field, Lynch umpire, Wilson scorer.

The Portsmouth boys arrived this morning. The game will be called at 3 p.m. The prospects are most flattering for a big attendance. Don't stay away. Admission 25 cents. Ladies free.

Four Big Successes.

Having the needed merit to more than make good all the advertising claimed for them, the following four remedies have reached a phenomenal sale. Dr. King's New Discovery, for consumption, coughs and colds, each to be guaranteed—Electric Bitters, the great remedy for liver, stomach, and kidneys. Buckle's Arnica Salve, the best in the world, and Dr. King's New Life Pills, which are perfect pills. All these remedies are guaranteed to do just what is claimed for them and the dealer whose name is attached herewith will be glad to tell you more. Sold at J. Jas. Wood's drug store.

MR. JOHN BEUTLER will open his new barber shop on Second street Monday. It is being fitted up in elegant style, with a reading room in rear.

NOTICE is hereby given that the Supervisors of Taxes for the City of Maysville will meet at the Council Chamber on Thursday, May 17, 1894, for the purpose of examining and correcting the Assessor's list for the year 1894.

C. E. BROSEE, City Clerk.

May 5, 1894.

HECHINGER & Co. next Tuesday will inaugurate the greatest bargain sale of clothing at Oddfellows' Hall Clothing House in the history of that establishment. They give some of the prices in their advertisement elsewhere. They also explain how they can offer goods at such remarkably low prices. Don't miss this sale.

TWO VALUABLE horses, one belonging to Dr. McNutt, of Minerva, and the other to Mr. W. D. Cushman, of Dover, were injured at Dover a few days ago by the overturning of a C. and O. freight car in which they had been shipped. Mr. Cushman had a narrow escape as he had just stepped from the car a few minutes before the engine struck it and turned it over. He has sued the railroad company for \$1,000 damages for injuries to his mare, and has employed Mr. E. L. Worthington, of this city, as his counsel.

A Quarter Century Test.

For a quarter of a century Dr. King's New Discovery has been tested, and the millions who have received benefit from its use testify to its wonderful curative powers in all diseases of throat, chest and lungs. A remedy that has stood the test so long and that has given so universal satisfaction is no experiment. Each bottle is positively guaranteed to give relief, or the money will be refunded. It is admitted to be the most reliable for coughs and colds. Trial bottles free at J. Jas. Wood's drug store. Large size 50c. and \$1

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting, in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
